

ENERGY Update September 14th, 2010

A meeting was held at the District Office (conference call) with Johnson Controls.

- RFP to revamp the whole District is in Albany being reviewed
- Johnson has a representative in Albany working with the State to answer any questions or concerns they may have
- Process is moving along well with a target start date of Spring- Summer 2011
- Co Generation Project was a success last year Deer Park Schools
- Deer Park Schools received two checks one for \$37,000 and one for \$ 41,000 Saving our District \$ 78,000 dollars in the first year (Great Success)
- Project uses Natural Gas to generate Electricity and reduce our Operating Costs by selling back Energy off our Grid to LIPA

I will be working with Johnson Controls throughout the year to ensure all Energy projects are completed in a timely fashion.

Keith Rooney
Deer Park Schools
Energy Chairman (Trustee)
